HIGHWAY FORCE SAFETY LANE IS WORKING WELL

Many Defects Found By Tests Corrected Quickly By Owners Of Automobiles

The traveling safety lane of the California Highway Patrol, now touring southern California, is finding thousands of mechanical defects in machines which are submitting to voluntary inspection.

A typical day's inspection covering 256 machines showed only 36 passing the inspection test 100 per cent. One or more defects were found in the other 220 and were divided as follows:

Horn, 11; windshield wipers, 30; safety glass, 4; stop light, 78; auxiliary lights, 10; brakes, 78; hand brakes, 5; wheel alignment, 68; windshield, 11; mirror, 4; muffler, 2; tail lights, 30; lens, 13; headlights, 161; foot pedal, 31; steering gear, 13.

It is pointed out that many of the defects could have been corrected by the owners if they had maintained proper watch over their machines.

To provide proper identification for all motor vehicles on which registration is pending, the Department of Motor Vehicles has announced adoption of a pasteboard license plate to supplement the emergency permits issued as windshield stickers.

Under the regulations for the new pasteboard plates, one must be carried on the rear of the vehicle for which permanent registration is pending.

The emergency pasteboard plates are red numerals on white cardboard, and each serial number is preceded by the initials, "AB." A notation on the card also says: "This card is not valid unless the correspondingly numbered red emergency permit is attached to the windshield.

KING CITY WILL BE STAGE FOR ANNUAL RODEO

Many Forms Of Amusement Entertain Large Crowd From Many Sections

Cowboys from the ranges of five central coast counties began arriving with their mounts, Friday, to compete in the non-professional rodeo around which is built the spectacular features of King City's third annual Stampede, which opens Saturday. Bucking broncs and bulls, aviation, dancing, music, stockhorse racing, track exhibition events, fireworks and a unique skyline cowboy parade have all been thrown into the Stampede skillet to cook up the most diversified entertainment omelette in central California for the week end of May 14 and 15.

Friday night a "Junior Roundup" will feature kiddies in a song and dance revue to open the week end program. Sunday morning a youngsters parade will be held while their elders prepare for the famed daily skyline cowboy parade to the rodeo arena for the opening ceremony.

The thrills and spills of the rodeo will highlight the afternoon while a

(Continued on Page 4)

HOG ORDINANCE TEST CASE FILED

Thomas J. Callan, Colma rancher whose hogs have been banned by the San Francisco Health Department in a campaign against trichinosis, this week, filed two actions in the Superior Court at Redwood City to force Dr. Charles C. Gans, county health director, and Tax Collector Ambrose McSweeney to issue him a certificate of sanitation and a permit to operate.

Judge Maxwell McNutt has issued an alternative writ of mandate compelling McSweeney to issue a permit or show cause on May 23 why he should not do so.

Callen claims it costs $100 a day to operate his $17,000 hog ranch and that the refusal of Dr. Gans to issue him a certificate of sanitation has prevented him from selling his hogs. He faces bankruptcy, he declares.

MCLAREN DAY TO HONOR NAME OF PARK FOUNDER

Hundreds of children in a program of song and dance will honor John McLaren, father of San Francisco's park system, on Saturday afternoon, May 22, at McLaren Park. This day has been proclaimed by Mayor Angelo J. Rossi, Third Annual John McLaren Day. The occasion will be participated in by groups of young people from the entire city.

The program will begin at 1:15 p.m., and will take place near the Brazil street entrance of McLaren Park. Convenient picnicking facilities will be found nearby.

Mr. Richard Doyle, president of the San Francisco Board of Education, will be the chairman of the day, and the orator of the day will be Mr. Joseph M. Cummings, an old friend of John McLaren.

Arrangements are being made by an executive committee under the chairmanship of Miss Florence Friedman, resident director of Visitacion Valley Community Center. The program will be directed by Miss Hester Proctor of the recreation commission, assisted by Mr. Charles Dennis of the board of education, Miss Amelia Anderson, group work and neighborhood centers of the Community Chest, Mrs. George Beanston Jr., of the Second District of the Parent - Teachers Association Congress, and Mr. Walter Schmidt, assistant to the superintendent of schools of the board of education. Featured will be folk dances, musical selections, school glee clubs, and various other numbers.

Among the many groups participating are the Boy Scouts, the Campfire Girls, the Columbia Park Boys Club, the San Francisco Boys Club, the Girl Scouts, and playgrounds.

* * *

PROCLAMATION

May 2, 1938.

John McLaren, master gardener of San Francisco, has been honored in the naming of McLaren Park.

This year marks the beginning of his second half-century of service to San Francisco.

The young people of San Francisco delight to do honor to him, not only as a skillful and diligent creator of beauty in our parks, but as a fine and inspiring example of integrity, service and manhood.

Now therefore, as Mayor of San Francisco, I, Angelo J. Rossi, hereby proclaim May 22, 1938, third annual John McLaren Day, and in the name of the city government I would ask that all the good citizens of our great city, who can, and especially the children, gather at McLaren Park, on that day, at 1 p.m., to lend their presence to a celebration, commensurate with the importance of the man we thus honor.

ANGELO J. ROSSI,
Mayor.

FIRE CREWS AID WITH EQUIPMENT

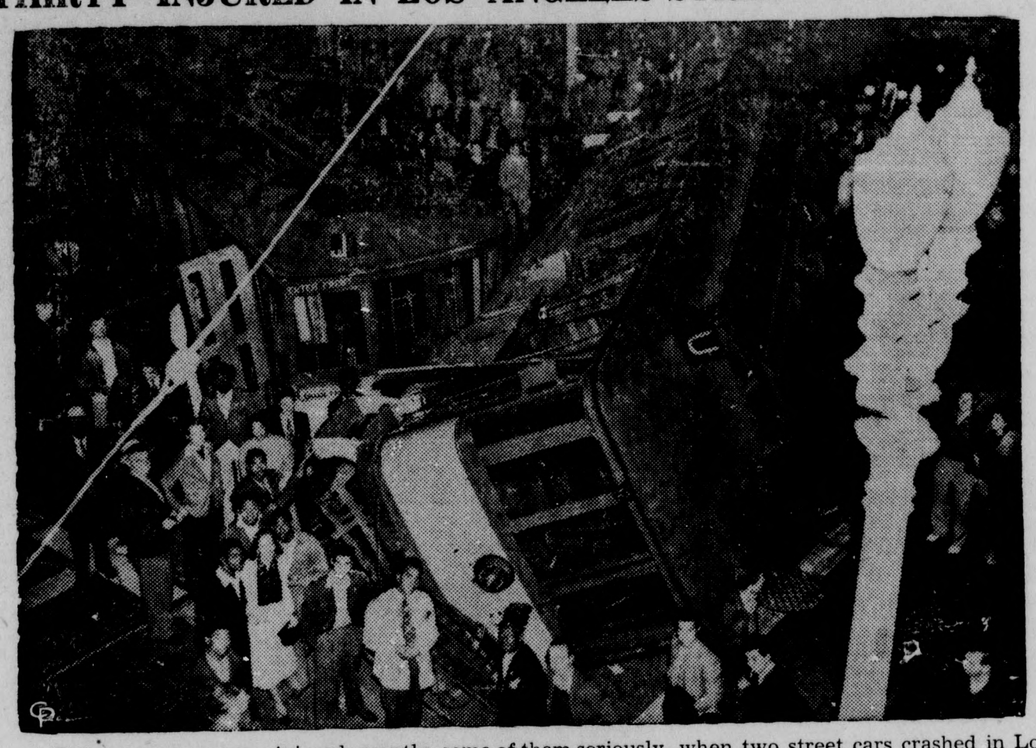
Members of the San Mateo County Fire Dapartment were the very first to have made a donation of beds and bunks for San Mateo County's Youth Hostels. Every member of the San Mateo County fire crews contributed to the fund, which was turned over this week to the County Hostel committee.

Bert Werder, fire warden, said: "Last year, most of our men had the chance to see just how Youth Hostelers travel through the country. Thirty eastern young people, under leadership, passed through our county on bicycles. The county fire crews helped them make camps in the County Memorial Park, and every man was impressed with the simple and practical experiences which these young people were gaining.

"Side by side, we saw youths from the richest and from the poorest families in New England, who camped overnight and cooked their own meals at a fixed budget of $1 a day. None is allowed to exceed this limit of $1 a day for all purposes. The opportunity for association among these young people was impressive."

He further said: "It is of vital importance that the citizens of San Mateo County see that stopping places are provided for these travelers. It will be a great boost for our county, in addition to a proper evidence of our hospitality."

THIRTY INJURED IN LOS ANGELES STREET CAR CRASH



Thirty persons were injured recently, some of them seriously, when two street cars crashed in Los Angeles during an early morning rush. The "U" car, traveling north, was struck by the westbound "J." Forced over on its side, the "U" car tossed passengers around helplessly, showering them with broken glass. The "J," a one man car, failed to make a boulevard stop, police said. Surgeons said none of the thirty injured is likely to die, although several were "pretty badly hurt." Impact of the crash made the "J" car jump the tracks.

APPORTIONMENT MOTOR VEHICLE FEES INCREASE

Apportionment of motor vehicle fees to cities for the first quarter of 1938, announced this week by the Department of Motor Vehicles, show Daly City will receive $4609.40, an increase over the first quarter of 1937 when the figure was $4206.58.

At the same time it was announced that $16,020.25 had been allotted to San Mateo County for the first quarter of the year. This also represents an increase over the 1937 figure.

Total apportionment to counties for January, February and March reached $1,175,001.47 as compared with $1,085,357.31 last year, while apportionment to cities totalled $2,350,002.94 this year, $2,170,714.63 last year.

Still Think Will Have Sunnyvale Base

In a wire to San Jose, this week, Congressman John J. McGrath renewed hopes that the Sunnyvale air base might again house a navy dirigible.

A $3,000,000 appropriation for construction and operation of a dirigible was reinserted in the navy appropriation bill at a recent Senate and House conference, the Congressman revealed.

POLICE CHARGE DALY CITY PAIR WITH GAMBLING

Alleged To Have Conducted Bookmaking Establishment On Saloon Premises

Charged with felony gambling and alleged to have operated a bookmaking establishment in Daly City, two men were arrested, Saturday afternoon of last week, by Daly City Police and operatives from the A. J. Kane detective agency.

Police Chief Barney Hilton said the operators of the place had defied warnings to close.

Kane operatives were said to have made a number of bets with marked money shortly before Hilton led a posse into the place and arrested George Kirchhubel and Louis Linhares.

The raid, Chief Hilton said, was timed to interrupt last minute business on the Kentucky Derby.

Kirchhubel, alleged operator of the place, was free on $250 cash bail, and Linhares, his assistant, is at large on $100 cash bail.

NEW 3-CENT STAMP

The postoffice department at Washington, has announced that a new 3-cent stamp commemorating the 150th anniversary of the constitution's ratification will be placed on sale at Philadelphia June 21.

A. F. L.-C. I. O. Seek Dubinsky's Union

David Dubinsky, head of the International Ladies' Garment Workers Union, who recently dramatically declined to accept the chairmanship of the C. I. O. housing committee. Upon this act, the A. F. of L. built hopes of the union's return to its fold, from which it strayed to join forces with the C. I O. The I. L. G. W., ranking high among all unions in strength, solidarity and financial resources, was not ousted from the A. F. of L. roster along with many other unions which joined the C. I. O. William Green, A. F. of L. president, would not say why the council refrained from expelling the garment union.

GRADE AND HIGH ARE OF AID IN TRAFFIC SAFETY

At a meeting of the education committee of the San Mateo County Traffic Safety Council, held last week to discuss ways and means of improving both adult and child traffic safety education in San Mateo County, it was disclosed that excellent work is being done in the teaching of traffic safety in the grade schools and high schools of the county.

As was said by a speaker at the National Red Cross Convention, just closed in San Francisco. "We are so accustomed to statistics on violent deaths that it is most difficult to get the adult population to drive, act and live safely. But we can develop in the lives of the coming generations safety habits that will make them naturally do the safe thing."

The speaker stated further that there was no problem before the American people today of greater importance than stopping the terrific toll of avoidable accidents.—San Mateo County Traffic Safety Commission.

GETS HEADACHE AND IS BRUISED

Charles Wessel's car was demolished and he was thrown twenty-eight feet, this week, in a collision with a passenger train at Louisville, Ky.

The driver was somewhat bruised and complained of a headache after the crash.

Four Are Injured In Machine Crash

Four members of the Eugene Bertorelli family of 448 Railroad avenue, South San Francisco, were injured, Sunday of this week, in a collision in Daly City between Bertorelli's car and one driven by August Nelson, San Francisco.

The injured were Bertorelli, Mrs. Mary Bertorelli, his wife, and their two children, Ray and Anna. All were treated at Junipero Serra Hospital for cuts and bruises.

Commission Grants St. Car Fare Raise

A seven-cent fare on Market Street Railway lines was authorized by the State Railroad Commission, early this week, and will become effective within 30 days after May 29.

Four tokens will be sold for 25 cents.

The new school children's rate will be 50 cents for 16 rides instead of 50 cents for 20 rides as at present.

RECORD EDITOR HOST TO COUNTY NEWSPAPER MEN

San Mateo County Press Association Members Meet For Dinner And Business In Daly City

Newspaper publishers of the San Mateo County Press Association held their monthly dinner meeting at the Colonial Cafe in Daly City, Monday evening of this week, as the guests of W. E. Pitschke, publisher of the Daly City Record and the Brisbane Sun and First Township Tribune, and Mrs. Pitschke.

Matters of general interest to the newspaper publishing and printing business in the county were discussed. On request of Harry Butler, general manager of the San Mateo Times, several members of the association attended the general meeting of the Peninsula advertising group, Thursday evening, at the Benjamin Franklin Hotel in San Mateo to hear plans for advertising the county.

Request was made by the San Mateo County Safety Commission for appointment of a member of the association to serve on the commission. President L. E. Harris named W. E. Pitschke of Daly City as such representative.

The next meeting will be held at Half Moon Bay as the guests of George Dunn, publisher of the Half Moon Bay Review, and Mrs. Dunn.

Those present were Mr. and Mrs. L. E. Harris, Menlo Park Recorder; Mr. and Mrs. George McQueen, Burlingame Advance; Mr. and Mrs. W. E. Pitschke, Daly City Record; Mr. and Mrs. George Dunn, Half Moon Bay Review; Mr. and Mrs. Sam Winklebleck, Redwood City Tribune; Mr. and Mrs. Lester Lafferty, San Carlos Enquirer; Mr. and Mrs. Floyd McCue, Redwood City Standard; Logan Franklin, South San Francisco Enterprise; Mr. and Mrs. P. W. Brubaker and Mr. and Mrs. Harry Butler, San Mateo Times.

TRACK MEN TO GO TO FRESNO OVER WEEK END

Students Carrying On Intensive Campaigns For School Elections Set For Next Week

San Mateo Junior College will send a small squad of track men to compete in the Fresno West Coast Relays this week end. The Mateans took second place in the junior college conference meet at Modesto to end their conference season. Sacramento won, while Modesto was third. Menlo scored one point only, while San Francisco and Placer junior colleges went scoreless. Marston Girard took firsts in the mile and half mile races to lead San Mateo in scoring.

A total of 860 high school seniors visited the Junior College campus on the annual College Day trip. The students talked with teachers, visited clesses, had lunch and attended an assembly arranged for them.

With elections set for next week, the jaysee is now carrying on an election campaign for numerous offices that must be filled for the fall term. At the same time the girls organizations are holding their fall elections.

Two crowded houses saw the Junior College Players present their term play, "Stage Door," a comedy, last week end. A large cast, well trained, gave two fine performances.

Recently Bill Gilbert, jaysee student, saw a large fish in the shallow waters of the San Mateo Creek on the edge of the college campus. He caught the fish with his hands, and thus aided in keeping alive the story that there are fish in the creek. Strong possibility exists that the fish came from the lakes when the water was flowing over the dam during the recent high water period.

Work on The Campus and The Lit, the two annual publications to be brought out late this month, is being pushed by student staffs.

College drama students recently entertained at the Veterans' Base Hospital in Palo Alto. The students presented a skit, a dance, vocal solos and two readings.

ROCKAWAY BEACH PEDRO VALLEY

By C. H. T.

Continued displeasure is expressed in this locality, over the rehabilitation camps back of Sharp's Park (Salada Beach). Disturbing reports of their establishment state that, in spite of the lack of accommodation for more inmates than those already in the camps, twenty additional men are sent down from the city every day, carrying their bedding, which consists, so the report goes, of but a thin bed-pad, and a couple of blankets. These new arrivals, like all the men who come down, are supposed to be kept in quarantine until they can show a clean bill of health. But it is said that the quarantine quarters are not nearly completed, and that the men are crowded in where ever they find a place, directly upon their arrival, with no chance for any quarantine whatever. One can, however, scarcely credit this, in view of the fact that the object of their establishment is supposed to be "rehabilitation." Those in charge of the project would probably remedy this state of affairs as soon as it came to their attention. At the same time, such rumors increase the uneasiness felt by the people of the coastside at the presence of this camp so near their homes. We hope to hear better reports of it in the near future than these disturbing rumors that are going the rounds at present.

Someone has suggested the sending of good reading matter to the camp for the men, and hopes are expressed that there will be a fairly well stocked (and well chosen) library for the men in their idle hours. There must be residents in this locality who have books and study courses lying around the house that they have no use for. And, providing the camp directors think well of the suggestion, no doubt many residents would be willing to give, or lend reading matter to the camps, and thus help on the work of whatever "rehabilitation" is within the purpose of the project.

* * *

Mrs. Nora Christen is adding a room to her pretty little house in Pedro.

* * *

The Forrest Cubbons have had a living room made out of their porch, and they are very well pleased with it for convenience and beauty. It is good to have the Cubbons back again with us, after their long absence following the disastrous automobile accident that sent both of them to the hospital.

* * *

The ornamental window grill at the Pedro postoffice is now in place, adding much to the appearance of the office.

* * *

Nobody seems to know much about the outcome of that automobile accident in which a car dashed off the embankment at Pedro Beach, and, turning over several times, landed on the lower roadway. Report has it that the occupants were so badly injured that the ambulance took both of them to a city hospital. Still another report contradicts this, and says neither the man, nor the woman suffered serious hurt. Nobody seems to know their names, nor why the mishap occurred.

* * *

Gus Krieps, who formerly lived in Rockaway, has been a visitor there several times of late.

* * *

The Runnings, who bought several lots on the Pedro hill, are planting cactus on the sliding bank, to hold it, and putting planks and rocks at weak spots, to discourage further slides.

* * *

Mrs. Lucius Cole is busy attending to her garden, these spring days, and plans to have even a handsomer floral display than she had last summer.

* * *

Mrs. Hackman and her son drove down to Redwood City last week.

* * *

Hermie Bryant is suffering with a stubborn case of throat trouble, which makes speech difficult and painful.

* * *

Mrs. MacShane of San Francisco was a visitor this week at the home of Mrs. Daisy Waldorf, a long-time friend.

* * *

"Jinny," the little burro, needs his voice oiled. Jinny is much given to bursting into discordant song at odd moments, and his vocal efforts carry a long distance, wafted easily to every home in Pedro. One of his comrades, a billy-goat, which is usually tethered with a stout chain, broke loose the other day, and went on the rampage, causing several citizens to take it on the run and bolt into the nearest shelter, Danman's.

* * *

The William Johnsens are constructing a summer house at the far corner of their garden.

* * *

Mr. and Mrs. Bart spent Sunday afternoon at the residence of Mrs. Becky Johnson. These are the two friends who presented Mrs. Johnson with a handsome floor lamp on the occasion of her recent birthday.

* * *

Neighbors are sorry to hear that Mrs. George Olmo has been laid up for several weeks past, suffering from an illness that the doctors are said to be unable to diagnose. We wish her a speedy recovery.

* * *

Mr. Barnes has made a good job of his cement steps and door-step. This makes a notable improvement in his bungalow.

* * *

The Simons garden is a lovely sight, with many new plants in bloom and shrubs in place along the new wall.

Lesson Sermon Of Christian Science

"As is the earthy, such are they also that are earthy: and as is the heavenly, such are they also that are heavenly." These words from I Corinthians comprise the Golden Text to be used Sunday, May 15, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "Mortals and Immortals." Included among the Scriptural selections will be: "For our conversation is in heaven; from whence also we look for the Saviour, the Lord Jesus Christ: who shall change our vile body, that it may be fashioned like unto his glorious body, according to the working whereby he is able even to subdue all things unto himself" (Phil. 3: 20, 21).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "Mortals must look beyond fading, finite forms, if they would gain the true sense of things. Where shall the gaze rest but in the unsearchable realm of Mind?" (p. 264).

FORMER FIRE MARSHALL DIES SUDDENLY

Death came swiftly, Sunday morning of this week, to James Grondona of Hillside boulevard at the Junipero Serra Hospital, where he was taken in a serious condition, Thursday of last week, suffering with pneumonia.

Mr. Grondona, a former fire marshall and member of the Colma Volunteer Fire Department, is survived by his wife Romilda, a son James Leland, and three sisters, Mrs. Evelyn Dizaboou, Mrs. Bernice Franks, and Miss Elena Grondona .

Funeral services were held, Tuesday morning of this week, from a San Francisco undertaking establishment and was followed by a requiem high mass at Holy Angels Church in Colma. Interment was at the Italian Cemetery.

The clerks of a wedding license bureau in Los Angeles blinked when a couple appeared recently to file intention to marry. Their names were Rosalin Oh and Henry You.

U. S. PROBES CAL. DESERT MYSTERY AIRPORT

Hidden in the desert fastness near Twenty Nine Palms, Cal., government agents recently discovered a secret airport. Complete with a mile long runway and wind indicators, the airport is accessible by only one little used road. "Hangers" for planes were found in a rock fissure completely camouflaged bycanvas. Living quarters, underground, have reportedly been found with enough food to last a few men many months. The flying field is distinguishable only by a huge white rock, shown in photo. The field is in a natural valley, the run of which commands a view for many miles around.

Revision Of Social Security Act—The Social Security Board is considering changes in the Social Security Act. President Roosevelt has requested that recommendations for this purpose be made before the next session of Congress. The following are some of the changes anticipated: The feasibility of extending coverage of the act to include all workers in the country; a plan to advance the date when annuity payments will start; provide adequate benefits for aged wives and widows of workers that are covered in the program; provision of benefits for young children of insured persons dying before reaching retirement age. These are the most important problems under consideration.

* * *

Recovery — The President's relief-recovery program is being worked on by the House Committees on Appropriations and Banking and Currency. An increase in the Federal Housing Authority's half billion dollar bond authorization to a billion dollars was proposed by the Banking and Currency Committee. The White House conference, however, agreed that an increase of $300,000,000 was sufficient. Three hundred and sixty thousand applications for family loans which could not be granted were received by Secretary Wallace of the Department of Agriculture. Secretary Ickes said PWA has 2,714 approved public works projects that could be started within 90 days. A report is expected from both committees soon.

* * *

Railroads—Railroads are getting attention in Congress now. Congressional leaders and representatives of the ICC and of railway management and railway labor met with RFC Chairman Jesse H. Jones to bring about a plan to help railroads. The program includes loans to railroads to purchase equipment; loans to reemploy men who have been furloughed since October, with 25 per cent of the loans to be used to purchase materials; a year's waiver of the requirement that ICC must certify the road is not in need of financial reorganization.

* * *

Construction Up—One of the encouraging developments during the past month has been the greater than seasonal increase in residential building construction, which in the first three weeks of March was only about 14 per cent smaller than a year earlier, as contrasted with 50 per cent in January. The value of all construction contracts in the first quarter was one fourth under a year ago. Home mortgages selected for appraisal by the Federal Housing Administration during March totaled more than 95 million dollars, compared with 68 million a year earlier.

* * *

Relief - Local Or National?—The problem of relief is again being debated. Opinion is divided on the question of whether the national government should continue handling relief, or whether it should be diverted to the local governments. Although many feel that the former should be the solution, there are those who feel that the local governments are not strong enough to bear the major cost of unemployment relief.

* * *

Wage Hour Bill—The wage hour legislation is at a standstill at present. By an 8 to 6 vote on April 29, the House Committee on Rules refused to report a rule to pave the way for consideration of the wage hour bill in the House. Mrs. Norton is at present working to have the committee discharged of any jurisdiction in the matter, and if she succeeds (by obtaining 218 signatures) the bill will be brought up in the House.

* * *

Industrial Activity—The failure of industrial activity to experience as much of a spring upturn as had been rather generally anticipated may be attributed to several conditions. Expectations of a substantial increase in buying of various industrial goods as inventories became depleted were not borne out, although there was some improvement in such varied lines as steel, textiles and shoes. Retail sales, however, continued well above the apparent total production of finished consumer goods, and the apparent utilization of many semi finished products such as steel in quantities materially greater than current output. Evidently, during the past year, available indications of inventories and advance buying have let to underestimating the inventory situation, and stocks on hand must have been much greater than was at first thought.

* * *

AAA Program Modified — The Agricultural Adjustment Administration announced that details of the 1938 Agricultural Conservation Program have been changed to put that phase of this year's AAA Farm Program in line with recent amendments to the Agricultural Adjustment Act of 1938. Amendments provide that no rate of payment in connection with soil depleting crops should be less than 90 per cent of rates listed when the program was first announced last October 23. Other amendments were designed to clarify language of the act and simplify its administration.

* * *

Lower Rates—The Pettengill bill to permit railroads to charge lower rates per mile for long hauls than for short hauls, has been favorably reported from the Senate Interstate Commerce Committee. The committee also decided that the government should pay full railroad rates, eliminating government reduced rates on rail lines that have land grants, by approving a bill for this purpose.

* * *

Invitation — The President has accepted the offer of sixteen industrial and financial leaders to aid "to the full extent of our ability" in ending the present business recession. Business leaders are invited to suggest "specific steps" that will bring a closer co-operation between business and government.

Pleads Guilty And Given Probation

Frank M. West of San Bruno, who pleaded guilty to charges of driving while under the influence of liquor and causing personal injury, was admitted to three years probation by Judge A. R. Cotton this week.

His driver's license was revoked. West was involved in an accident in Millbrae last January 19 in which Clifford Gaunt of Millbrae was injured.

RICH MILK

Milk provides almost every type of nourishment the body needs, giving us 46 different food substances in all.

Strangely absent from the success magazines is a type who owes everything to hard work, self denial and being distantly related to a child film star. —San Francisco Chronicle.

MAY PROGRAM HONORS MOTHER ON SPECIAL DAY

Parade And Coronation Greet May Queen At High School Grounds Last Sunday

Led by the Chief of Police and headed by the Daly City Band a colorful parade marched from the Daly City Hall to the Jefferson Union High School football field on Sunday, May 8, to celebrate Mothers Day with a May Festival program.

In the parade were units from Boy Scouts of America, Troops 148 and 149; Independent Order of Foresters, Old Glory Post No. 2004, V. F. W.; Old Glory Post, V. F. W. Auxiliary; Italian Catholic Federation and American Legion Units, with uniformed groups and drum corps.

Immediately following the Daly City Band came a group of uniformed Boy Scouts acting as a guard of honor to the King and Queen of May, who rode in state on a decorated float surrounded by their court.

The parade passed in review before the platform on which the King and Queen of May were seated, reviewing the honors presented for them. The crowning of Queen of May was followed by a program of singing and dancing numbers presented by Miss Rose Dance Studio children.

Nearly 900 enjoyed the exercises presented for their entertainment and the announcement at the close of the program that the City Council had provided ice cream for the boys and girls present caused a rush which only for the helpful co-operation of the Boy Scouts were able to control.

The program included the following numbers: Ballet, specialty, song, "My Mother;" waltz clog by group, acrobatic dance, specialty, hula babes, sailor's hornpipe, jockey, tap dance, march by Daly City Band, Indian dance, specialty, "Glow Worm" toe dance, Hungarian dance, rhumba, double acrobat, "Moon of Marahara" song, baby tap, march by Daly City Band and minuet.

During the afternoon Mr. Carnivale, vice president of the Daly City Fathers Forum, announced the coming meeting on May 17 and described the purposes of the organization.

The day's exercises were conducted by the Daly City Recreation Staff.

HEARING ON COUNTY SALARY ORDINANCE

Public hearing on the 1938-39 county salary ordinance will be scheduled for May 24, according to an announcement by County Executive E. A. Rolinson, early this week.

Under the provisions of the charter, the ordinance must be adopted by the Board of Supervisors by May 30.

BAYSHORE NEWS

By Irene Mardecich

Several ladies of Bayshore were agreeably surprised, Wednesday of this week, when a birthday party was given in their honor at the Riley Hall by the executive board of the Bayshore P. T. A. A lovely luncheon was served and each lady was presented with a gift of stockings. The ladies whose birthdays were celebrated were Idaho Gaines, Berta Hughes, Catherine Hiatte, Irene Mardecich and Stella Filarski.

* * *

Mrs. Thelma Little, captain of one of the P. T. A. round robin teams, has lost the container in which was the round robbin money. She says that it is probably reclining on some shelf, forlorn and forgotten. Will somebody please return the container to Mrs. Little at once, as the two teams wish to close the round robbin and this cannot be done until the can, containing the funds, is returned.

* * *

Judge and Mrs. Brown are vacationing in the southern part of the state with their daughters.

* * *

Mr. and Mrs. Bert Ford are busy remodeling their home. They boast a nice new room.

* * *

Mr. and Mrs. Farrell of Oriente street are also improving their home.

* * *

Mr. Ratterree, our local real estate agent is now a resident of Bayshore. He recently moved into his house on Oriente street.

* * *

The baseball team, recently formed in Bayshore, went down to defeat last Sunday in their first game. The men are not giving up and practice every night. The team will play the Pacific Bone Coal Company next Sunday at McLaren Park and vow they will win this time.

* * *

The Bayshore Voters League will give a whist in the near future. A committee has been formed and is now working out details.

* * *

Mrs. Bailey is visiting with friends in San Francisco for a few weeks.

* * *

The children of the eighth grade of the Bayshore School were taken on a tour of Angel Island this week by their teacher and principal, Mrs. Louise Plumb. The tour was a part of their school work for the year.

Vancouver Island Goldfields Bring British Columbia Boom

The lure of gold has brancouver Island, where the hamlet ofows arrival of the first ship to moor Zeballos is rapidly becominought a boom to the west coast of V Maguinna was signal for a gala at the newly constructed wg a veritable "city." Above photo shes taking part in the Klondike like event with hundreds of prosharf at Zeballos. Arrival of the S. S.ing to reports, by four men who celebration. The new gold fipectors and mining company employe came an army of prospectors and packed ore on their backs meld was discovered last year, accord by British Columbia officials, howengineers for major mininany miles to tidewater. In their wakg companies. Efforts are being made ever, to discourage any further increase in the rush of stake claimers.

OBSERVATIONS OF GOINGS ON IN NATION CAPITAL

WPA Housekeeping Aide Project Proves Of Great Value To Needy Throughout Country

(By Hart Goodrich)

In several cities in the country the Works Progress Administration is making life happier and easier for the hundreds of ill mothers in the poorer sections of the city, harrassed by the fact if they took the rest they need nobody would care adequately for their homes. The project employs women as housekeeping aides who are qualified by native intelligence and by their own experience to follow simple instructions in housekeeping work.

Housekeeping aides are assigned to homes only after requests from public welfare agencies, which must limit their requests by these conditions:

(1.) Only needy families may be recommended. (2.) The situation which requires assignment of a housekeeping aide should be a temporary, rather than a chronic, condition. (3.) Services should not be requested for homes in which communicable diseases exist. (4.) Services should not be requested for homes in which serious domestic maladjustments exist.

The training of the aides is designed to provide them with a knowledge of how to care for a house and straighten furniture, plan menus, prepare, serve and care for food, mending clothes, laundering and caring for children.

The existence of the project is due not only to the needs of the housewives, but also to the desire of the WPA to find some undertaking for unemployed women which would not entail the high material cost attached to the sewing project. A general estimate of the materials cost is $200 for twenty workers for six months here in Washington. Twenty workers, according to Miss Steele, director of the Womens Division of WPA for the District, represent only a fraction of the women on relief who could be employed as housekeeping aides.

Such projects as above are very worthwhile and, because they fill a real need in every community, should be encouraged.

ALWAYS ATTEND TO JOB IN HAND WHILE DRIVING

Lack Of Attention Is Cause Of Large Number Of Accidents

Driving is a full time job.

This truth is forcefully demonstrated by the fact that last year something like 2000 motorists in California drove off the road for no other apparent reason than inattention to the business of driving, it is pointed out in a statement by the public safety department of the California State Automobile Association.

"Driving off the road has a place high on the list of traffic accident causes in this state," the statement said. "The chief reason why anyone drives off the road is inattention; in other words, driving but thinking of something else.

"The really thoughtful driver, the good citizen careful of his own safety and that of others, keeps his eyes on the road, his hands on the wheel, and every faculty centered on driving

"Inattention betrays its victims into edging over the white lines, where the car may be sideswiped; causes them to hit persons on the sidewalk as they back out of their driveways; to bump the car ahead when it stops suddenly; to run through traffic signals and boulevard stops.

"Attentive drivers seldom have accidents. Driving with their eyes on the road and looking far enough ahead of their radiators, they are prepared for and can meet emergencies that bring disaster to the inattentive driver.

"Attentive drivers realize that a certain fraction of time elapses between the decision to apply brakes and the act itself; that during his "reaction interval" a car driven at only 30 miles per hour will travel 33 feet, then 40 feet more after the brakes are applied.

"At night, attentive drivers do not let their speed increase to a rate greater than will permit them to stop within the range of their headlights."

PLAY DAY FOR JEFF UNION HI

The girls of Jefferson Union High School will be hostesses at an Indian play day to be held at Jefferson Union High School this Saturday, May 14. This will be the first time in years that the girls from South San Francisco, Burlingame, Sequoia, San Mateo, Pescadero and Half Moon Bay will come to Jefferson in such large groups. Approximately 375 girls will attend the event.

The program will begin at 9 o'clock in the morning and last until 2 o'clock in the afternoon. During that time there will be games of basketball, badminton, tennis and volley ball. An entertainment, some tumbling and games of ping pong are also being planned as an added attraction. The program is divided so that only half of the girls will be playing at one time, while the rest may enjoy themselves swimming in the pool.

The chairmen in charge for the day are Dolores Silvas, for refreshments; Evelyn Taylor, day schedule; entertainment, Edna Lowden; rainy day, Hargaret Nittel; sunny day, Hazel Hill; guides, Helen Smith, and Winola Ford for ways and means.

A thief who stole a suit of clothes from Tubby Walton of Atlanta, probably had material enough for two suits, as Tubby weighs 350 pounds.

BAYSHORE PTA

Mrs. Emily Shaw, Publicity Chairman
105 MacDonald Ave., Bayshore
Phone Del. 9523

The Bayshore P. T. A. held its executive board meeting on Friday afternoon, May 6, at the Bayshore School. Before the meeting the children in Mrs. Bethune's class presented a lovely play for the board members and the visiting mothers. The 7th and 8th grade children also sang two songs, accompanied by their bells, in honor of Mothers Day.

It was recommended by the board that the P. T. A. hold an evening whist party in June so that the incoming officers will have sufficient money to start in with their good work again after vacation.

It was also decided that the three teachers of Bayshore School and Mrs. Franzen, who is the mother of Bayshore P. T. A., will be the guests of our unit at the Seventeenth District dinner at the state convention in San Francisco the latter part of this month.

The two large tables, recently secured for the school through the efforts of the members of our unit, will have new oil cloth coverings so that it will be easier to keep these tables clean.

On Wednesday afternoon the members of the executive board gave a birthday party in honor of five of its members, namely, Mesdames Mardecich, Gaines, Hiatt, Hughes and Filarski. Each lady was presented with a small remembrance and nice refreshments were served.

President Susie Byrne urges all members and friends who promised to go to the district dinner at the state convention not to forget to buy their tickets for the dinner from her as returns must be made to the district immediately.

Don't forget to plan to go to the annual school picnic at the Golden Gate Park on Monday, May 23. The school children go via street car, which is furnished by the P. T. A.

On May 24 the annual state convention will meet in San Francisco and everyone should try to attend at least some of these meetings, as it may be years before we have another convention in San Francisco. The San Francisco daily newspapers will give the time for the various meetings and classes of the convention.

Witness Beauty Of San Mateo County

Both the high and low eighth grades of the Woodrow Wilson Elementary School enjoyed an all day excursion to San Mateo Memorial Park. Arriving at their destination at ten o'clock students hiked among the acres of giant redwoods and along the picturesque stream. The behavior of the group was admired by two elderly visitors, who informed the teacher they had been former California school teachers in the bay area.

On the return trip the group stopped at La Honda for refreshments and then resumed their excursion to Inspiration Point at the summit of the Skyline boulevard, where they enjoyed viewing the panoramic view of the points of interest such as the Stanford Campus, Sunnyvale Airport, the Woodside Estates and the lovely Spanish architecture of the surrounding homes.

A weary but happy group arrived home in Daly City with the expectation of next term's trip.

BRISBANE GENERALITIES

Buster Curtis of Newman visited at the home of his aunt and uncle, Mr. and Mrs. Al Foster, Sunday, May 8.

* * *

Mrs. Ed Ross and son Ronald spent the week end with her parents in Alameda.

* * *

Mr. Jacob Forgarty is recovering from an attack of appendicitis. We hope he will be up and around soon.

* * *

Cards have been received from Rev. and Mrs. Donaldson. They are expected to return from a two weeks visit in Los Angeles and will arrive Monday night, May 16.

* * *

Mrs. John Bragg and sister, Miss Martha Shenkel, left Friday to visit their parents in Pasadena, and Mr. Bragg's family in Ventura.

* * *

Mr. and Mrs. Thad Curtner and children will leave today to spend a week with Mr. Curtner's sister, Mrs. Clara Crawford of Pomona, Cal. Mr. Curtner's parents will accompany them.

* * *

Mr. H. M. Tidmore finds the water in Brisbane hard to resist or so your reporter has heard.

* * *

While playing with sharp pointed sticks, little Jack Fulton was jabbed in the eye. He was quickly rushed to Green's Hospital, where he was treated. This should be a lesson to all children never to play with pointed articles.

* * *

Mrs. Grover Smith fell, while working, and cut a gash over the temple.

* * *

We see Dot Fulkerson is still hoping to buy hot dogs for, "The Knights in Armor." We are patiently waiting; and by the way, some people just can't be quiet in the show.

* * *

There will be a dance at the Fire Hall tonight, given by the firemen.

* * *

Kenneth Halliday, formerly of Brisbane, visited here last Saturday.

* * *

Curly Foster spent the week end with his aunt, Mrs. Gunderson of Oakland.

* * *

The firemen of Brisbane have started preparations for the Fourth of July celebration.

* * *

Mr. and Mrs. Clay Craft and children returned, Monday morning, from Tennessee, where they have been visiting their parents. We hope they will settle once again in Brisbane.

* * *

Next Sunday, May 15, the Brisbane Rifle Club will hold a chicken shoot at their new range. They invite any and all who care to compete. Shooting starts at 10 a.m. sharp. Let's all go.

* * *

There will be a special meeting of the rifle club at Bob Burn's place Wednesday night, 8 o'clock, May 18. All members are requested to be there.

* * *

The Brisbane Ball Club was defeated 10 to 3 in last Sunday's game. Jack Corigan, ace hitter for the club, got a long left field drive for a triple. Better luck next time, boys.

* * *

Mrs. Varner has recovered completely from her recent illness.

* * *

Mr. Devine has been treated for an enlargement of the neck glands. He is now at Beresford Hospital.

* * *

On Sunday, May 15, Hospital Day will be observed by the American Legion Posts of the Bay District. The Twenty-sixth District Comrades will visit at Palo Alto. There will be massing of colors and a parade—and our sick comrades will realize that they are not forgotten.

* * *

Mr. and Mrs. Joe Fontes are building on the side and front of their home on Klamath and Sierra Point.

* * *

Captain and Mrs. Sparr are planning a lovely garden for their home on Monterey.

* * *

National Air Mail Week gets under way, next Monday, May 15. The government asks that everyone mail one letter Air Mail during that time. The drive ends on May 21, the eleventh anniversary of the Lindbergh flight. Let us try to co-operate. Watch the papers for the Pony Express from Mills Field to the Ferry building on Saturday, May 21.

* * *

Mr. and Mrs. Frank Potter and son Bert, formerly of San Francisco, have taken up their residence on San Bruno avenue. Mrs. Potter is an accomplished musician and Mr. Potter is a registered electrician.

INDIANS BEATEN BY SOUTH CITY

Traveling to South City, Friday afternoon of last week, the Jefferson baseball team suffered a 10-9 defeat at the hands of the Industrial City nine. The game was played on South City's brand new baseball diamond.

Victory looked almost certain for Jefferson at the beginning of the contest, when a first and second inning rally netted the Indians eight runs. The Jeff batsmen proved their ability in these two innings by knocking the South City hurler all over the lot. At the end of the second inning Jefferson had the Boilermakers trailing by a count of 8-0.

It seemed the Indians were not the only hitters in the game, as South City came back in the third to blast the Jeff hurler out of the box. Suffering from an off day, Pitcher Bill Preston tried hard to tame the Industrial sluggers, but was relieved by Stanley Jones in the third, who finished the game on the mound in good form.

The Jefferson defense looked none too good on the exceptionally fast infield of the South City diamond. Charles Murray again led the Jefferson hitters and retained his league batting lead by getting three hits for three trips to the plate.

The Jefferson score in detail:

	AB	R	H
Jones, ss-p	2	2	0
Stephens, 1b	4	0	1
Blume, rf	3	1	0
Murray, c	3	3	3
Compagno, 2b	3	2	1
Plate, lf	4	0	2
Bogart, cf	4	0	0
Ssultz, 3b	3	0	0
Preston, p-ss	4	1	1
Totals	30	9	9

BRISBANE P T A

By B. Darling

Brisbane P. T. A. will hold its regular meeting in the school on May 19 at 2:30 p.m. to allow delegates to attend the state convention of parents and teachers in San Francisco, May 23 to 27. Delegates to the convention will be chosen. All members are requested to attend.

* * *

The play, seven acts of fun, held in the auditorium under the auspices of the P. T. A., was a huge success. Funds raised will be used for the graduating class party.

* * *

Mrs. Walter Gull, the new president, has announced as chairmen the following: Membership, Mrs. F. Smidt; publicity, Mrs. C. Coffin; refreshments, Mrs. Garden Loomis; recreation, Mrs. E. Morley; health, Dr. Guardino; sunshine, Mrs. Anna Coffin and magazine and emblems, Mrs. William Jonas.

WARM LAND

Snow never falls on 70 per cent of the earth's surface.

Returning a marriage license to the court clerk at Anniston, Ala., a negro asked to have the name of the girl changed, saying: "Boss, I done forgot dat gal's real name."

Court Reunites Mother And Daughter

Reunited for the first time in twenty-six years, Mrs. Elizabeth Willis (left) is pictured with her daughter, Nahma Hoag Bryant. Nahma, brought up in the belief she was the daughter of the Charles Augustus Hoags, socially prominent in San Francisco, had filed suit demanding the Hoags reveal the facts of her birth. She claimed they had, after she was grown, told her she was not their daughter, but refused her further information. The Hoags adopted Nahma shortly after she was born, in San Francisco in 1912. Appropriately, the real mother was reunited with her daughter on Mother's Day.

COMMUNITY CHURCH NEWS

Sunday services were delivered by Rev. Peter McPhee. The sermon topic was "Mother Love."

* * *

Christian Endeavor was held at Mr. and Mrs. Nunn's. There were fourteen present. Rev. McPhee was Endeavor leader. All members of the group joined in the discussion.

We expect to have a large attendance, Sunday, May 15. Everyone is welcome.

Sunday School, Church and Endeavor will be held at the same hours as usual.

* * *

The Christian Endeavor scavenger hunt and wiener roast was very successful and a grand time was had by all.

* * *

Rev. Donaldson will be here a week from the coming Sunday.

San Mateo County Coroner Honored

Coroner William F. Crosby of Burlingame was elected vice president of the California State Coroners Association at the annual conference in San Diego, Saturday of last week.

Should Crosby be re-elected to his county post in this year's election, he will be in line for the presidency of the state association next year.

NEW LANGUAGE PROFESSOR AT JEFFERSON HI

Dante P. Lembi Has Traveled World As Professional Musician

Dante P. Lembi, outstanding linquist and professional musician, has been engaged by the Jefferson Union High School Board of Trustees to replace William Van Houte, who is retiring from teaching service. Mr. Lembi will start the fall term at Jefferson and will teach Spanish and Italian.

Valedictorian of his high school class and honor student at San Mateo Junior College, Mr. Lembi won the highest scholastic honors at Stanford University. He also has outstanding records in athletic, student and social activities. For two years he was hand ball champion at Stanford.

In 1934 Mr. Lembi traveled around the world as a professional musician.

THE RETORT COURTEOUS

Sonny had been shouting for his father, and now daddy was giving him a good telling off.

"Fancy," he said, "a great, big boy like you being afraid to sleep in the dark. I'm ashamed of you."

"Huh!" snorted the child. "It's all very well for you to talk! You've got mother to look after you"—Answers.

KING CITY WILL BE STAGE FOR ANNUAL RODEO

Many Forms Of Amusement Entertain Large Crowd From Many Sections

(Continued from Page 1)

spectacular fireworks display is scheduled in the early evening to precede a cowboy dance in Recreation Hall and a night of carnival merry making.

Horse racing, with some of the fastest horses in the five neighboring counties entered in both open and matched events, and airport activities will occupy Sunday morning.

Finals in the rodeo arena and in the track exhibition events will be held Sunday afternoon, with the celebration culminating with carnival open house throughout the city.

Selection of Miss Monterey County, to compete for the title of California's Finest Outdoor Girl during the Salinas rodeo, will be made during the King City Stampede and the winner introduced from the track Saturday afternoon.

WHY NOT!

"I've just had the most delightful holiday," said Jones. "No regular hours for meals. No extra charge for baths. As much as you want of food, with plenty of fresh fruit, no tips for waiters."

"Good gracious Where did you go, Jones?"

"Simple!" replied Jones. "I just stayed at home."—Montreal Star.

Auto Driver Held For Investigation

State Highway Patrolmen Hanlon and Porter, Saturday night last, arrested John W. O'Connor on a charge of reckless driving.

Monday of this week he was sentenced by Judge Wade H. Clay to two days in the county jail.

The judge explained this sentence was imposed for the purpose of holding the prisoner in jail until Los Angeles police arrived with additional warrants.

James Cannon, alias James McCarthy, O'Connor's companion who is being held for "investigation," is wanted in five cities on forgery charges, according to the sheriff's office.
